Executive Director

After the Fire Funds Prepare for the Future!

After the fire funds managed by the Paradise Community Foundation are the First Responder and Butte County Search & Rescue funds. The First Responder and Butte County Sheriff's Search & Rescue funds have on-going needs for materials, equipment and training in order to respond to current and future disasters.

The First Responder fund supports the Paradise Fire and Police Departments, plus the Volunteers in Police Service (VIPS). Funds will help these departments purchase much needed equipment and supplies. The fund will also help create complimentary programs, which assist the agencies when performing their duties.

Butte County Sheriff's Search & Rescue fund is used to maintain equipment and train personnel to perform search and rescue functions on the ridge and throughout Butte County.

Donations are currently being accepted and may be mailed to the Paradise Community Foundation, P.O. Box 2095, Paradise, 95967 or contact Ronda Hoffman, Executive Director, Paradise Community Foundation, 876.8033.
